

MEDICAL GRAND ROUNDS

University of Virginia - Department of Medicine

Conference 8:00 AM - Jordan Hall Auditorium (unless otherwise noted)

Last updated 5/14/2008

Date	Speaker	Topic	Division
07/03/07	Holiday - No MGR		
07/10/07 Camp Heart	Geoffrey Weiss	Prostate Cancer Prevention: Is it Worth the Wait?	Dawn C. Hollins Memorial Lecture
07/17/07 Camp Heart	Bruce Schirmer	What cures GERD, diabetes, hypertension, sleep apnea, and venous stasis disease?	Surgery
07/24/07 Camp Heart	Ross Isaacs	Plagues, pandemics and poverty; chronic diseases and the neglect of the poor	Nephrology
07/31/07	Ellen Keeley	Primary Percutaneous Coronary Intervention for ST Elevation Myocardial Infarction	Cardiovascular Medicine
08/07/07	Patrick Northup	Cirrhosis: Bleeding, Clotting, or Somewhere in Between	Gastroenterology
08/14/07	George Hoke	Hospitalist Medicine	General Medicine
08/21/07	Sheila Crowe	Update on Celiac Disease	Gastroenterology
08/28/07	Ajeet Vinayak	Liberation from Ventilation	Pulmonary and Critical Care Medicine
09/04/07	Jorge Plutzky Visiting	PPARs as Drug Targets in Diabetes and Atherosclerosis: Lost In Transcription?	Endocrine/Cardiovascular
09/11/07	Carl Berg	Meeting the Need for Liver Transplantation: Parts, Pigs and Petri Dishes	Gastroenterology
09/18/07	Jeffrey Weise	Ten Moveable Objects: Changing the Culture of GME	William Parson Visiting Professor
09/25/07	Robert O'Connor		Emergency Medicine
10/02/07 Camp Heart	John F. Hunt	Airway acidification: Way beyond GERD	Allergy and Clinical Immunology
10/09/07	Heather West	Communication of Treatment Goals in Breast cancer	Heme/Onc
10/16/07 Camp Heart	Ed Fisher Visiting	The metabolic syndrome: insights from model systems on its pathophysiology and the non-invasive imaging of the atherosclerosis it causes	Cardiovascular Medicine
10/23/07	Michael Rein	What we told you in Infectious Disease 30 years ago that was wrong	Infectious Diseases C. Richard Bowman Memorial Lecture
10/30/07	Jerry Nadler	Newer Understanding of the Pathogenesis of Type 2 Diabetes: View from the beta cell	Endocrinology
11/06/07	Robert Strieter	Lung Cancer: CXC chemokines in regulation of angiogenesis and metastases	Pulmonary and Critical Care

11/13/07 Camp Heart	Rolf Hubmayr Visiting	Cell wounding and repair in ventilator injured lungs	Rochester Lecture Pulmonary and Critical Care
11/20/07	Michael G. Douvas	Development of Targeted Therapies for Patients with Leukemia	Hematology/Oncology
11/27/07	Stephen Rich	Genetics of Diabetes	Endocrinology and Metabolism
12/04/07	George Beller	Multimodality Imaging in Coronary Artery Disease and Subclinical Atherosclerosis: Current Status and Promise for the Future	Cardiovascular Medicine
12/11/07	Preston Reynolds	Global Health and Human Rights: 10-Year Retrospective on the Campaign to Ban Landmines	General Medicine
12/18/07	Richard Guerrant	Worrisome increases in C. difficile colitis with ciprofloxacin use at UVH	Infectious Diseases
12/25/07	Holiday - No MGR		
01/01/08	Holiday - no MGR		
01/08/08	Rick Silver Visiting	Systemic Sclerosis (Scleroderma): Evolving Concepts	Rheumatology
01/15/08	Richard Johnson Visiting	Fructose, uric acid, and the epidemic of obesity and cardiorenal disease	Atuk Lecture Nephrology
01/22/08	Perry Pickhardt Visiting	CT Colonography (Virtual Colonoscopy): An Effective Option for Population Screening	Gastroenterology
01/29/08	Mark A. Perazella Visiting	Nephrogenic Fibrosing Dermopathy	Nephrology
02/05/08	Raghu Mirmira	The Islet Beta Cell: A Life in the Balance	Endocrinology and Metabolism
02/12/08	Peter Butler Visiting	Type 2 Diabetes - Alzheimer's of the islet?	
02/19/08	Rebecca Dillingham	Global Health Education at UVa: Historical Perspective and Future Directions	ID
02/26/08	Stephen Hammes	Androgens: Of Mice, Men, and Women	
03/04/08	Craig Slingluff	Vaccines for Melanoma	Surgery
03/11/08 Camp Heart	Aval Green	"Bounce-backs, Boomerangs, and Frequent Fliers" Caring for Elderly Patients in Transition	General Medicine
03/18/08	Elizabeth Petri Henske Visiting	Tuberous Sclerosis Complex and Lymphangiomyomatosis	Heme/Onc
03/25/08	Brian Wispelwey	HIV	Infectious Diseases
04/01/08	John Belperio Visiting	The Role of Type 2 Cytokines during Bronchiolitis Obliterans Syndrome	Pulmonary
04/08/08	Leonard Wartofsky Visiting	When is a 'normal' TSH level really not normal? (Mild Thyroid Failure and the Case for Treatment)	Endocrinology

04/15/08 Camp Heart	Sharon Anderson Visiting	The Aging Kidney	Liverman Lectureship Nephrology
04/22/08 Camp Heart	Rick Nishimura Visiting	Hypertrophic Cardiomyopathy - Update 2008	Grollman Lecture Cardiovascular Medicine
4/28/07 MONDAY	John Marshall	Control of the onset of puberty - implications for the evolution of PCOS	Carey, Marshall, Thorner Scholars' Day
05/06/08 McKim Aud.	Jonathan Samet Visiting	Environmental Pollution and the Lung: What are the Health Risks?	Pulmonary
05/13/08	Chiefs' MGR <i>Annual Housestaff/Faculty Photo</i>	A Good Match for Internal Medicine: UME, GME and the Physician Workforce.	Residency Program
05/20/08	Brandi Nicholson	Screening Breast MRI: Current Status	Radiology
05/27/08	Joe Garcia Visiting	Acute Lung Injury: The Past, the Present and the Genomic Future	Pulmonary
06/03/08	Samuel Klein	Clinical Issues in Obesity: Facts and Fantasies	Respass Lecture Gastroenterology
06/10/08	Bruce Walker	Immunotherapy in HIV	Infectious Diseases
06/19/08	Leslie Blackhall		
06/24/08	Kambiz Kalantarinia		Nephrology

The University of Virginia School of Medicine is accredited by the ACCME to provide continuing medical education for physicians.

The University of Virginia School of Medicine designates this educational activity for a maximum of 1 *AMA PRA Category 1 Credit(s)*[™]. Physicians should only claim credit commensurate with the extent of their participation in the activity.

The University of Virginia School of Medicine awards 0.1 CEU per contact hour to each non-physician participant who successfully completes this educational activity. The CEU (Continuing Education Unit) is a nationally recognized unit of measure for continuing education and training activities that meet specific educational planning requirements. The University of Virginia School of Medicine maintains a permanent record of participants who have been awarded CEUs.
