

Mulholland Society Agenda

June 18, 2008

President (Jason):

- New Dean: should be here soon, so we should make sure that he gets connected with Mulholland Society and knows what we want him to do. Thoughts? Let Jason know.
- Mulholland Constitution Discussion:
 - Lots of changes have been made: this constitution is much more detailed than the previous one. All class officers are now included. Elections were changed to make sure there is a set procedure and that they run more smoothly. Other notes: Executive committee is stand-in committee for President. SMEC is a sub-committee of Mulholland Society that publishes its own documents. Other committees are also described.
 - Official vote will be done in August
 - If you have any issues with your officer description, let Jason know!
- Orientation for Class of 2012: Jason will contact officers who need to do presentations.
- POM1 1st year video: intro video to things one does while on the wards...
- Apportionment: how much time would we want to spend on each course second year? Dr. Innes is hoping to make lots of changes.

VP's (Lisa and Jason):

- Updating club contacts: there are a few orphan clubs without contacts who are responding. If they don't respond, they'll be taken off the list.
- Thoughts on Dean's Dinner at Dean Garson's: plans are to ask the new Dean what he wants to do.
- Thoughts on Faculty Luncheons: plans may be to have them three times per semester. Possibly, emails would ask with whom people would want to have lunch. Funding?
- Big Sibs Program: still waiting on the list of '12s.
