

Bethany Strickland, Pharm.D.

Dr. Strickland is a graduate of The University of Georgia College of Pharmacy where she earned her Doctor of Pharmacy degree in May of 2005. She completed her pharmacy practice residency at the University of Virginia Health System in June 2006 and is currently completing a specialized residency in critical care. Her current interests lie within medical intensive care, infectious diseases, and academia. Bethany's residency project will evaluate risk factors for colonization and subsequent infections with Vancomycin-Resistant Enterococcus. Upon completion of her critical care residency, she plans to pursue a career as a Clinical Pharmacy Specialist in an academic medical center.
