

Magnet Pins Distribution

RN Magnet Pin

The RN Magnet pin is presented to every UVAHS RN as a symbol of nursing excellence. Wearing the Magnet pin conveys a commitment to the Forces of Magnetism that define Magnet nurses. System-wide distribution to all RNs began on November 7, 2006 at the Magnet Award Celebration. Unit-based presentations will conclude on March 1, 2007.

DISTRIBUTION after 3/1/07: Nurse Managers should have a small supply of pins for new nurse hires. These pins will be presented to nurses by Nurse Preceptors when orientation to the practice area is successfully completed. Email PNSO@virginia.edu for additional pins.

Magnet Pin

The Magnet Pin is presented to Clinical Care Services staff who work in direct patient care in partnership with nurses. In specific, these pins are for Administrative Assistants, EMTs, HUCs, LPNs, Office Support Staff, Patient Companions, PCAs, PCTs, and Techs.

DISTRIBUTION of the Magnet Pin will begin February 1, 2007. The PNSO will deliver pins and presentation instructions to Nurse Managers. A few additional pins will be provided for new hires after successful completion of orientation. For additional pins, please contact PNSO@virginia.edu.

STAR Pin

The PNSO's "Say Thanks And Recognize" (STAR) Program honors interdisciplinary partners during their designated recognition day, week or month. In 2007, the PNSO will bestow gold STAR Pins in appreciation for the devotion of our interdisciplinary colleagues to excellent patient care.

DISTRIBUTION of STAR Pins: The PNSO's Recognition Committee will contact the leader of the interdisciplinary group being recognized to schedule a time to present STAR Pins. Email PNSO@virginia.edu for information on interdisciplinary partners being recognized in 2007.
