

34th Annual Research Symposium & Research Trainee Competition

CALL FOR ABSTRACTS - Save the Date

Research Day: Thursday, May 26th, 2022, 8:00 AM - 2:30 PM

The 34th Annual Research Symposium - presentations, awards, and a featured speaker! Participants will display poster presentations summarizing their work, followed by the opportunity for lively discussion with faculty and audience members.

Tenth Annual Research Trainee Competition

Friday, May 13th, 2022: 11:00 AM - 1:00 PM

The Research Trainee Competition features Platform Presentations by residents, medical fellows, medical students, graduate students, and undergraduates. Trainees of any member of the Dept. of Pediatrics or associated with the CHRC are encouraged to participate.

Top presentations from the Trainee Competition will be selected for oral presentation at the **Annual "Research Day" Symposium**. Please note in your submission email whether you will be available to participate in **Research Day** as well.

ABSTRACT SUBMISSION GUIDELINES

All ABSTRACTS DUE – Friday, April 15, 2022

- Abstracts should focus on recent research that has not yet been published in manuscript form. Abstracts submitted for presentation at other scientific meetings within the last year are welcome, but should be updated to reflect the current status of your research.
- A brief summary of your research is required following your abstract. The summary should consist of 3 bullets titled: Objective, Conclusions and Implications for Children.
- **IMPORTANT:** For Trainee Competition submissions, **one concept figure** should be included above these bullets (Include **only one concept figure** and no additional figures).
- Please acknowledge the sources of funding for your research beneath your abstract, especially funding from the UVA Children's Hospital

Abstract Format guidelines:

- Abstracts should be sent via e-mail to RpedsResearch@hscmail.mcc.virginia.edu
- Margins: (top, bottom, left and right) should **be one inch all around**. **Font: Arial 12 pt.**
- For **Research Day**: the abstract and summary are limited to **one page**.
- If **Research Day** is held in person (not Zoom), printed posters can be no larger than 4 ft. X 4 ft.
- All submissions will be bound into the Program "Book" and distributed. Any submission that is too long will be edited to meet the guidelines.
- For the **Trainee Competition** submissions, maximum length is 2 pages; include one concept figure on page 2.
- Name the file as **LAST NAME FIRST NAME SYM 2022**. Example: PalmerJoanneSym 2022
- Please indicate whether you are a resident, fellow, student or faculty
- Attached is a sample/template for the Trainee Competition abstract.
